

HF500

Fully automatic whole house filtration system to remove Iron, Hydrogen Sulfide and Manganese.

Brought to you by Aerus, an innovator in water technology, to the highest standards.

Electronic control valve
by Aerus Origins™

Features

- Chemical-free water treatment using catalytic filter media
- Metered control valve with advanced electronics for efficient operation
- System set up for "air draw" operation for greater oxidation and removal rates
- User friendly programming with full diagnostics
- Fully adjustable cycles for more efficient and effective operation
- Large LED screen displays operational data in "real time" including current rate, peak flow rate, last backwash date and more
- Includes by-pass valve pipe fittings
- Quick connect fittings used on by-pass, drain line and power cord
- Self-charging capacitor keeps time of day during power outages for 48 hrs
- 10/7/5/1 Year Limited Warranty – please refer to Warranty Statement for details

Consumer Benefits

- Reduce Iron stains on tile, tubs, walls and plumbing fixtures
- Sulfur odors from Hydrogen Sulfide are reduced
- Black spots caused by Manganese are reduced
- Metallic taste removed from drinking water
- Automatic, care-free operation

Specifications

- Includes water and air check valves for "air draw" operation
- Metered control valve can backwash based on water use or time
- 10" x 54" mineral tank is rated for pressures to 600 psi; NSF certified
- Catalytic Manganese Dioxide filter media; NSF certified
- Up to 15 ppm removal - Iron
- Up to 8 ppm removal - Hydrogen Sulfide
- Up to 3 ppm removal - Manganese
- Up to 10 GPM flow rate
- 7 GPM backwash rate
- Minimum operating pressure 20 psi - maximum 125 psi
- Minimum operating temperature 34°F - maximum 110°F
- 6-9 pH range
- Includes 3/4" and 1" pipe fittings and 20' x 1/2" drain line
- 165 lbs. shipping weight
